Prompt: Class ify the customer feedback : I am demanding a full refund . Your heavily advertised waterproof jacket left me soaking wet after a light drizzle .

Generated: *Okay, here's a classification of the customer feedback, broken down into categories: **1. Issue Category:** * **Product Defect/Failure:** This is the primary issue – the waterproof jacket failed to perform as advertised. * **Customer Dissatisfaction:** The customer is clearly unhappy with the product and the experience. **2. Sentiment:** * **Negative:** This is overwhelmingly negative. The language used ("demanding," "soaking wet," "heavyheartedly advertised") indicates strong dissatisfaction. * **Frustrated:** The customer's tone suggests they are frustrated with the situation. **3. Type of Feedback:** * **Complaint:** This is a formal complaint about a product and its performance. * **Detailed Description:** The feedback provides a specific and detailed account of the problem – the cause of the issue (heavy rain*
